

2010-2011 Service Project Contest

Each year Girl Scouts across the council give back to their communities through service projects. This year, GSVSC wants to know about what girls are doing to take action to improve their communities and the world!

Step 1: Plan and implement a community service project! You can work as a service unit*, troop, or individual. *If you choose to conduct your project as a service unit, that project cannot also be counted as a troop project.

Step 2: Go to: <http://www.surveymonkey.com/s/688FTX7> to complete a short report about the details of your project.

Step 3: Repeat often!

On May 1, 2011 the service unit, troop, and individually registered girl who have performed the most hours of service will be rewarded for their efforts:
